Let's make Wells
A McGruff House Exemplary School
In 2009-2010

A McGruff House is a safe house where children can go to receive help if they find themselves in a frightening or emergency situation. A McGruff House is identified by a bright yellow McGruff sign in the front window of your house. McGruff House participants summon authorities by dialing 911. An effective McGruff House program demonstrates that the community accepts a shared responsibility to watch out and help on behalf of all its children. **You** can help make our neighborhood safer for our children by participating in this program.

To qualify as a McGruff House participant you must:
*Have at least one adult in the household
*Have access to a working telephone number
*Possess homeowner's or renter's insurance
*Annually clear a confidential criminal history check

To download a McGruff house application, go to www.planopolice.org. Fill out the application and return the form with original signatures to:
